# For stretch installations

## Regular

### Regular for wood floors

Pre-nailed for ease and speed of installation when fitted to boarded or suspended timber floors, with specially tempered nails (threaded for holding power), pre-driven into the gripper.

100 x 1.52m (5') Lengths  
152.3m (500') Per Carton

### Regular for Concrete

Designed for ease of installation to concrete floors. Pre-nailed with masonry nails for a firm fixing into concrete floors.

100 x 1.52m (5') Lengths  
152.3m (500') Per Carton

### Regular Dual Purpose

Pre-nailed with dual purpose nails. Suitable for most wood and concrete based floors.

100 x 1.52m (5') Lengths  
152.3m (500') Cartons

### Medium Pin

4.8mm (3/16")

The more usual pin length, suitable for most types of carpets.
