

## DESCRIPTION

Self-propelled stripper with swinging blade to remove the hardest flexible floor coatings, such as bonded floors, carpets, PVC, linoleum and sport surfaces with slabs or strips.

A compact design to easily access narrow spaces and weights that slide forward and backward to adapt to all uses.

Tilting sleeve and reverse movement for improved ergonomics.

Delivered with:

A standard blade: 127 mm x 152 mm

- A U-shaped blade: 76 mm x 304 mm

- A strong blade: 76 mm x 254 mm

- A premium blade: 76 mm x 152 mm

- A premium 152 mm x 254 mm blade

- 2 removable weights: a 22 kg bearing weight and a 19.5 kg front weight

- A wrench with T-shaped handle

- Front wheel fitting kit

Weight : 192 kg

Reference	Power	Speed	Width	Height	Length	Level of noise
