

FICHE TECHNIQUE EN

Designed for traditional backed carpets installed in moderate traffic areas.

This tape offers an adhesive formulation and weight designed for high traffic installations and particularly for more difficult backings such as Action-Bac.

The adhesive system is designed specifically to achieve good overall contact with these more rigid, uneven textured backings.

TECHNICAL INFORMATION

Backing Type	Crepe paper, 90mm wide
Scrim	Glass Fibre weft, polyester warp
Stitches per inch	6-7
Formulation	EVA based, standard formulation, ribbed profile, 60mm wide
Width (cm)	19,5
Height (cm)	9
Length (m)	20
